

## **DVS Lecture Series - Building Better Equines:**

*Science based strategies to prevent injury, maintain soundness and promote health & wellness in our equine companions.*

### ***"Grooming with Intention and the Basic Athletic Model"***

An intro to grooming techniques, exercises, stretches and manual modalities to benefit any equine, in any discipline, at any level of competition.

## **October 26 & 27**

**Featuring: Dr. Jodie Santarossa, BSc DVM**

**Assistants: Penny Radostits, RVT CCRT EEBW & Margaret Curtis, RVT EEBW**

\*Gain an understanding of basic biomechanics of horse movement, how intentional grooming practices and energy based modalities can benefit your equestrian partner. Come prepared to gain insight into the electrical nature of the body with an introduction to acupuncture meridians, chakras, laser therapy, and other subtle energy modalities including kinesiology taping!

#### **Participants:**

\*Limited to 8 Equine Participants: \$350 + gst (Includes: Lecture notes, Individual Mini Functional Assessment & Program, Roll of Kinesiology Tape, Meals & Refreshments)
